4px;">      The
        Department of Master of Computer Applications was established in
        2010. The department trains future educators, researchers and software professionals
through a curriculum
        designed by CUSAT. The department molds young outstanding students who are
academically strong in both
        theory and practices. It organizes supplementary programs, which include Technical
seminars & Mock
        Interviews to prepare the student for a career in the computing field or for graduate study.
Special
        orientation is provided to the staff periodically for updating their strength in latest
technological
        changes.
        <br>
              MCA department in College of Engineering
Vadakara has made incredible
        contributions in the college in both academics and cultural activities. Academically, the most
prestigious
        moment for the department is when Prajina B (2012-2015 batch), secured the First Rank for
MCA under CUSAT in
        2015.</p>
